Frequently asked questions

When is the best time for the trip?

This is a tailor-made trip, so you choose the dates yourself. We would be happy to advise you on the most suitable season for the destination and how the weather, prices and crowds change throughout the year — just tell us roughly when you are thinking of traveling.

What does the price include?
The basics included are:

- Accommodation with breakfast
- Suggested itinerary & sights
- Agency support

Transportation is not included — this is a trip with your own car. The full list of what is and is not included can be found in the «Included / Not Included» section of the page.

Is the «From X€» price what I will ultimately pay?
Not necessarily. The «From X€» price is the **lowest price applicable today**, based on flight and hotel availability for the specific dates. As availability changes daily, the final price for your trip may vary. We will send you the final, written offer before anything is charged, once you tell us the dates you are interested in.

Why does the price change depending on the date?
Airfares and hotel prices change daily depending on the season, demand, the days of the week, and how early you book your trip. For this reason, the price you see is indicative; the earlier you tell us your dates, the easier it is for us to secure the best possible price.

How much does a single room cost?
The single supplement varies by hotel and destination and is listed in the price/offer you will receive for your specific dates. If you are traveling alone, please let us know from the start so that the offer includes the correct single room price right away.

When do I pay for my trip?
Payment is made immediately upon booking. For certain accommodations that have their own payment policy (e.g., deposit or a specific payment deadline), we will explicitly inform you before you proceed, so that you know exactly the terms.

If I book now, is the price locked?
Yes — once your booking is completed, the price is binding and is not affected by subsequent fluctuations in flight or hotel prices. Availability and price only change before your booking is finalized.

Is there an extra charge if I depart from another city?
Since this is a trip with your own car, there is no departure surcharge — you start from wherever is convenient for you.

What travel documents do I need?
For your trip to Greece, a valid ID card or passport is sufficient. If you travel by air, you need an official photo identification document for the airport check. For minors traveling, please inquire about any required documents.

Can I change dates or cancel?
Changes and cancellations follow the terms of the airlines, hotels, and suppliers booked for you, so the cost depends on how close we are to departure and on the rules of each fare. Inform us as early as possible and we will look for the least costly solution. The general terms and conditions of participation apply to every booking.

Is travel insurance included?

Travel insurance is not included in the price, unless explicitly stated in the page's inclusions. We highly recommend it, especially for trips outside the European Union, to cover medical care, cancellation, and loss of luggage. We can arrange it — just request it during booking.

Can the trip be customized?
Yes — this is an individual trip, not a group departure. There is no predefined itinerary or bus schedule: you travel on your own, at your own pace. We can change the overnight stays, the hotel category, add or remove destinations, and arrange transfers, car rental, or private tours.

How do I book?
Send us a request from the form on the page, call us, or drop by the office. We will get back to you with availability and a written offer before anything is charged.

> A 30% deposit is required to confirm a booking. Programme subject to change for reasons beyond our control (weather, ferry schedules).
